# 1. Welcome Note from the International Directors

Thank you for your inquiry. Choosing to study or train through us will see you embarking on a rewarding and meaningful journey that will help equip you with the necessary foundational knowledge, Biblical tools and practical experience for leadership and lifetime service to the Lord.

Not everyone finds attending an on-campus Bible college or undertaking an advanced Theological degree at some distant location to be a satisfactory option, and this is where we can help fill a niche in the training of leaders for the local church at a Vocational level (Certificate/Diploma). Regardless of where you live, this is an opportunity for you to learn at an individualized pace, at a convenient time, and in a personalized place. In a globalized world in which electronic data can be easily transmitted, Training can now be easily communicated outside of the traditional delivery formats. This is where Logos can help as it is fully Internet enabled from initial enrolment to downloading courses, undertaking assignments, paying fees, submitting assessments and receiving your earned Awards. We represent something of a "new wave" in Christian education that shifts training and equipping "to the coalface" of local church contexts, or "brings the College to the Church," rather than the other way around. We thereby focus on the "formation" of a believer/leader and not just "information."

**Dr Michael Dalseno and Rev Irene LayLim Dalseno**

Our materials, subjects and courses are personally rewarding, very satisfying, achievable, contemporary, and user-friendly without being at the expense of really good content and proven quality. We strongly believe that Leadership Training Colleges should maintain a strong commitment to the time-honoured qualities of Bible, Christian Foundations and practical Application, without compromise, and that service to the local church, as well as to the communities we live in, is foremost. This is where our College can offer a very viable alternative; in finely balancing Substance with contemporary Relevance. We therefore place a high value on qualified and experienced instructors and course writers, because excellent practice is necessarily preceded by excellent impartation.

## 2. Who We Are

As a Church-based College, **Logos International Leadership College** is committed to the *primacy and empowerment* of the local church through the training and equipping of LEADERS. We believe that the Church is the most natural, biblical, and healthy environment in which to raise up leaders of the future... leaders who can impact their environment and change their world. We therefore represent a Christian education that shifts away from an independent college campus experience in some other location by "BRINGING THE COLLEGE TO THE CHURCH."

Our *core philosophy* is to raise up local church leaders... in the church, by the church and for the church. In this context, you will experience the best kind of ministry preparation, learning and development. This philosophy forms the "DNA" of our purpose and existence, for we believe that you, too, desire to be vital part of your local church.

We want to partner with you in *developing your gifts, fulfilling your call*, and "equipping you to change your world." To this end, our various Subjects and Courses are designed with quality content and flexibility in mind. They can be done at your own pace, in your own time, and at a place of your choosing. [You can study as a private student, as part of a Mentoring Program under a pastor/leader, or in a Local Church Leadership Training Centre.](#)

It is *through the Church* that the next generation of leaders will arise in fulfilling their God-ordained purposes. It is through the Church that lives will be transformed, transitioned, and empowered for service. It is through the Church that believers will find fulfillment and expression as they discover creative and meaningful ways in which to worship God and take the land. And, it is through the Church that men and women, through the drawing and inspiration of the Holy Spirit, will find their place and function in the Body of Christ.

We have the *passion to partner with the local church* in developing Local Church leadership. [We are committed to God's plan for your life, to your personal spiritual growth, and to the success of your local church!](#)

### 3. What are Leadership Training Centres?

**Pastors! Leaders! ...**

*... we take the worry and work out of running a reputable Leadership Training program in your own local Church ...*

**Local Churches can now run their own Leadership Training Centre, giving you a strong degree of ownership and influence in the way you mature your congregation and train leadership for your Local Church. Armed with sound Course content, a proven curriculum, all materials provided and flexibility, you can now train and mentor your own people right where you are and when it suits you.**

By becoming a *Leadership Training Centre*, **we provide just about everything for you** – the curriculum, full notes, feedback, encouragement, support, mentoring model (optional), conferring of awards, etc. Our comprehensive notes provide all the teaching materials for most subjects, meaning that the Local Church pastor does not have to search for materials, texts and other teaching resources. Extra textbooks generally do not need to be purchased for most subjects because our notes already provide crucial extracts from classic resource materials. Bibliographical references are provided. We take care of the headaches of administration and Course material, and you can get on with what counts most to you.....inspiring your people and imparting your life experiences, gifts and unique calling. You can even bring in others of your staff team to help minister to your students.

This is **a highly successful form of training**, having trained hundreds of leaders and AG Pastors in Australia since 1978. Our key staff has also extensive experience in administering Local Church Training Centres throughout Australia for more than 20 years.

**Here is a chance for the trainees under your oversight to receive inspiration, impartation, teaching and ministry from you**, the Pastor/Leader. Those whom you identify as potential leadership, or those who simply want to mature in your Church, can either study individually at home, work, church, etc, or come together to study in a group, under your leadership, in which you contribute your time and ministry to the extent that you want, teach the sections you consider important, and leave the rest to the comprehensive notes and study materials to do the work. You can use your Church auditorium, instruction room, office, Home Group, house, or any other location that is suitable for group learning if you choose this format over individual learning.

**All you need to administrate a Training Course in your Local Church is a Site Administrator** (someone who has a passion for learning, training or education) who can relate to us and direct your study program under your oversight. This person will need to have access to a computer connected to the Internet so as to be able to download our subjects/training materials, relate to us, and handle correspondence. It is not necessary for every learner to own a computer or pay for an Internet connection in remote localities. From a single downloaded copy, your Site Administrator can print and distribute to all the people in your Church who want to Train or learn. Busy pastors, therefore, can simply oversee the Training Centre and let the Site Administrator organize it.

There is also an optional **mentoring model** we can help you with, in which you and the trainee set, and agree to, a list of attainable goals for the coming 12 months and you help provide the opportunities for the trainee to develop and attain those goals. Whatever the method, use this resource to train your up-

and-coming leaders or to mature your congregation. You can even give your trainees opportunity to “practice” - bring a devotion, share, preach, explain what they learned from the studies, how their learning may be applied, participate in worship, etc.

**There is unlimited scope to contribute your imagination, creativity and leadership skills.** Since WE provide the “product,” YOU “tailor” the Leadership Training to suit the needs, emphasis and vision of your local church. Almost any pastor or local church can run this program. Meeting together with your trainees could be on a monthly, weekly, during a specific Intensive weekend, or on some periodic basis depending on your preferred model of training.

**There is great VALUE in becoming a local church Leadership Training Centre.** Leaders are more likely to complete their training if they work in some loosely structured study program and have a pastor/leader who takes a personal interest in them. This program of study also helps close some of the "loneliness gap" which some trainees find when going-it-alone on private study.

**Your people don't have to leave home, job, Church, town or city** to seek leadership training elsewhere, unless they are pursuing ministry credentials, of which a number of Colleges have stated they will give Logos College students extended credit for on an individual application basis.

**You can choose the Training program** such as from our [Ministry Training Packages](#) or [Bible College Courses \(Certificates and Diplomas\)](#). Some churches prefer to commence with a more "bite-sized" Ministry Training Package, which is only 8 subjects (plus a church-oriented practicum) with electives to choose from, whereas others prefer to do a Bible College program over a longer period of time. We will leave these options up to you, and we are available to help you choose.

Check out our website for more information, contact us by phone, consult your National Agents, or email us at [registrar@logoscollege.org](mailto:registrar@logoscollege.org) We may also be able to visit your church and explain more about the Training Centres, such as putting on a presentation about the Leadership Training College to a group of pastors and leaders. For starters, this [Leadership Training Centre Information Package](#) will help you.

**Pastors... leaders... your guidance and experience can add the personal and practical touch to formal study, and can make a big difference to your leadership pool in time to come. No longer is Training inaccessible to the Local Church, overly-academic, or costly. Our motive and mission is to help you!**

## A Further Note on Practicums

### FIELD PRACTICUMS (1-6)

These practicums require a student/trainee to be involved in any program, activity or function in the local church, para-church organization, community or missions. Normally, at least 10 hours of on-the-job- activity must be recorded and authenticated. A supervisor will guide and monitor your involvement.

### LIST OF APPLIED PRACTICUMS:

- Children's Ministry
- Communication and Homiletics
- Discipleship and Mentoring
- Evangelism and Church planting
- Ministry of Music and Worship
- Pastoral Care
- Projects and Activities Ministry
- Teaching Ministry
- Ministry to Women/Men
- Youth Ministries
- Church Administration

All of the Applied Practicums require a supervisor or mentor in helping to guide and monitor your progress. The practicums may involve 20 or more hours of on-the-job activity, and apply to the more advanced courses such as the Assoc Diploma and Diploma in Christian Ministry.

### TOPIC RESEARCH

This enables the student to select an approved topic of personal interest and to write a 3000-5000 word paper on his/her findings according to certain basic guidelines. A supervisor will guide and mentor your progress.

*For further information on any of the above, please contact us.*

## Ministry Training Packages

There are **5 Ministry Training Packages** to choose from. Each of these represent "short courses" with particular focus, training and emphasis. They offer significant opportunities for pastors and leaders to train, equip and mentor in their local church context. Details of the composition of each Package are listed below.

### *Local Church Certificate* (9 Subjects)

Any Nine (9) subjects from our broad Curriculum (see Subject Descriptions menu for subjects available).
Note: The purpose of the Local Church Certificate is to provide a resource in which leadership of a Church believes:
1. Will <u>supplement</u> areas of activity and ministry that need strengthening in the Church;
2. Will supply the necessary materials and <u>resources to inspire, challenge and equip</u> local church leadership;
3. Will provide a broad enough flexibility to cover what is <u>currently needed</u> in the church;
4. Will <u>fill the gaps</u> that may currently exist in their leadership training programs;
5. Will <u>focus</u> on areas of leadership, ministry or congregational training for equipping purposes.
(NOTE: all subjects may be fully transferred into our Bible College Certificates and Diplomas at a later date if desired)

### NOTES:

- Subject Codes: CH = Church; BL=Bible; TL=Tools; TH=Theology; PW=Personal Walk; PR=Practicum.
- The hours (credit rating) per subject is featured under the Menu, Bible College Courses.
- The total hours (credit rating) per Ministry Training Package will depend on the Electives you have selected. When transferring these subjects for credit towards other Courses or other Colleges, access this section for advanced credit information.
- Each of these Ministry Training Packages has been designed specifically for the Local Church so as to provide "focused training." Their Training component is therefore confined to the target training in question.
- All subjects are fully transferrable to other of our Bible College Courses, e.g., Christian Education Certificate, Diploma in Ministry, etc, should a student decide to do further studies.
- There is no particular sequence or superiority of any one of the Ministry Training Packages. The choice depends solely on the gifts, calling and preference of the person/student in question. We recommend that pastoral/leadership advice be sought regarding the choice.
- Following the completion of a Ministry Training Package, it may be expedient to go on to another package, or even to a Bible Course, to further develop your ministry.
- Since the Ministry Training Packages are primarily designed for the Local Church, they can be particularly advantageous to the Local Church if some of their members are selected for this flexible form of Ministry Training. It is also possible for different groupings of members to do different Packages at the same time in your Church, depending on the mix of callings and gifting present.
- Each Applied Practicum involves approximately 20 hours of actual church-work-related ministry involvement, and is totally practical in nature.
- If a subject you wish to download is not yet online, please email us at [logosilc@hotmail.com](mailto:logosilc@hotmail.com) as to when it will become available. We are uploading subjects into digital format as quickly as we can.

## 5. What You Need to Run Your Training Centre

Because we provide just about everything, from comprehensive study notes to assigning awards, there is surprisingly little a Church needs to organize or put together.

Basically, to commence and operate a Leadership Training Centre, all you need is:

1. A passion and desire to mature your congregation and Train your up and coming Leaders;
2. A Site Administrator who can handle basic administration and organization skills like using a computer, downloading our materials from the website, distributing printed or electronic notes to trainees where necessary, organizing group session times, corresponding with the Registrar at *Logos International Leadership College*, and the like;
3. An appropriate venue, room or office in which you can meet with your trainee leaders at periodic intervals – either to check out their home study progress or teach/preach something to the group;
4. Copying or printing facilities (owned, leased, rented, hired, etc) in which to distribute Subject notes and assessment to trainees where necessary. Alternatively, you can email out the relevant subject material and assignment to your trainees;
5. A pastor of senior standing who has a vision, interest or passion for raising up and training lay leadership or pastoral leadership in the Church. Since the Site Administrator organizes and administrates the program, a Pastor need only oversee the Program if he/she wants to;
6. A willingness to mentor those whom you regard as potential or actual local church leadership. We have an optional Mentoring Program for you to use as a template.

## 6. Why Train Through Us?

From what we have heard from others, there are about 10 sound reasons:

1. We aim at a Vocational Training level (Certificates and Diplomas), and not on academic Bachelor or Post-graduate degrees. The Courses are therefore very suitable for training in a local church context in which almost anyone with a leadership calling and with an English language can do it;
2. Our materials are strongly Content-based, meaning that we provide comprehensive materials and notes that effectively teach Bible, Christian doctrine, and application-type subjects (so, we don't just provide summary paragraphs leaving the trainer or learner to go find the rest for him/herself, as some College courses do);
3. For the vast majority of our subjects and courses, no additional textbooks need to be purchased. This is because we aimed at covering the essential materials when creating our learning resources, and have imported relevant portions of extracts into our notes from some of the best texts and materials. A few subjects do require a textbook (eg., some Leadership subjects) readily available at most Christian bookshops;
4. We keep fees at an affordable level, and offer a flexible system of charges depending on the Training situation and context. We also have fee options for churches in conditions of Mission;
5. We tailor for very different Church situations, locations, environments and contexts. You decide how to run the Training program according to your own Vision, Mission statement, Ministry goals and local church context. Just so you cover our assessment requirements, the rest is over to you;
6. We provide flexibility. You decide where and when to meet as a training group, how often to meet, who will administer the training program, the way in which you want to train/mentor your people, how long the annual training program will run for, and the like. We can help guide you through this process;
7. We help close the "loneliness gap" which some leaders in training find when "going it alone" on personal study and leadership development. Studying as a group, or employing our Mentoring program, can be a tremendous resource here;
8. We are therefore able to provide a comprehensive training program for up and coming leaders to receive practical training and equipping in their own local Church, under pastoral guidance and oversight, without having to leave home, church, work or city;
9. We relate with, and connect to, other reputable Christian churches and College organizations such as the Asia Pacific Theological Association (we are an associated school of APTS);
10. We offer good customer service, friendly assistance, quality resources, a proven track record over 30 years.

## 7. Resources Available from LOGOS ILC

We provide basically all of the subject and curriculum Resources you will need:

- **Comprehensive notes.** [We provide all the content material and notes you will need for your trainees.](#) In few cases is the purchase of a textbook required. A bibliography is available at the end of each set of notes if learners or instructors want to study further;
- **Assessments.** [Each set of student notes is followed by a Content Assignment to be completed by each trainee.](#) No need for pastors or instructors to invent questions or assignments of their own. The assessments have been described by students as “user-friendly, instructional, eye-opening, and great for learning” over the years. All assessments are based on the given notes as well as the Bible;
- **Podcasts.** In some cases, [lectures have been audio recorded at Logos ILC](#), and uploaded on to our website under the Resources menu. They are purely optional and are not required for assessment purposes. They may be of assistance, e.g., for trainees who might like to hear further teaching on a particular topic;
- **Powerpoint Slides.** In some cases, we can provide [Powerpoint slides to accompany note material](#). Trainees might like to use them, or pastors may use them for group training sessions;
- **Short Bulletin Articles.** These are freely [available in our Resources menu](#) on the website. They may be copied and used, e.g., for Sunday church bulletins, short discussion forums, special meetings, and the like. They can normally fit on an A5 sheet of paper;
- **Logos ILC Staff Visits.** In some cases, [staff members may be able to visit a Leadership Training Centre](#) in order to help you get set up and functioning. We can explain how it works, periodically fellowship and assist, offer feedback on progress, help to answer any of your questions, assist with administration, undertake a teaching session, etc;
- **Other Future Possibilities.** These include various [other electronic communications](#) and connections, e.g., visual delivery, as needs and resources dictate. Please keep in mind that while the Gospel is free, administering it and getting it out can be a costly process. Hence, we do rely on student fees, donations and other income to help us offer our courses abroad.

## 8. Your Responsibilities as a Leadership Training Centre

These include the following:

1. A **pastor who can oversee** the training program. Although the Site Administrator basically administrates and organizes the training program, the pastor/leader is responsible for the oversight and operation of the training program;
2. A designated **Site Administrator** who administers the training program such as:
  - Organizing the training process
  - Scheduling group sessions or training periods where necessary, depending on whether the Training Centre is overseeing a Home Study model and/or meeting as a group on a regular basis
  - Having access to a computer and Internet connection for downloading Logos ILC subject materials, assessments and correspondences (at least one computer is necessary for a Site Administrator in remote locations)
  - Printing out, photocopying and distributing materials to trainees where necessary (or, alternatively, emailing materials as attachments to trainees with Internet access)
  - Recording trainee attendances, where required, if group sessions are employed
  - Liase with Logos ILC on all matters of correspondence, downloading materials, assigning grades, and the like;
3. **Paying the required fees** to Logos ILC, depending on whether it is an Individual, Group, or Special arrangement;
4. **Liasing and corresponding with Logos ILC** on relevant matters relating to the functioning of the training Centre.

*Almost any church of any size, with any number of trainees, can run one a Leadership training Centre.*

## 9. Affiliations and Associations

The Directors, Dr Michael and Rev Irene Dalseno, are Individual Members of the Asia Pacific Theological Association (APTA), and LOGOS ILC is a Institutional Member with APTA.

Some of our staff regularly teach/lecture at Colleges/Seminaries at Diploma, Bachelors and post-graduate degree levels throughout the Asia/Pacific region.

The College also has links, connections, associations and relationships with a number of Bible Colleges, educational organizations and Local Churches throughout Australia, Asia, and around the world. The following colleges have expressed interest in associating with us on an academic and spiritual level, and have indicated their intention to transfer Logos I L C students into their respective degree programs on a case-by-case basis upon student application.

### **BIBLE COLLEGE OF MALAYSIA, KUALA LUMPUR, MALAYSIA**

### **TABOR COLLEGE, TASMANIA, AUSTRALIA**

### **ALPHACRUCIS COLLEGE, Sydney, Australia**

### **CHRISTIAN CITY CHURCH COLLEGE, OXFORD FALLS, SYDNEY, AUSTRALIA**

## 10. Fee Structure *Logos ILC*

### 1. Full fee \$US 100.00 per subject

Logos International Leadership College also provides Scholarships for suitably qualified trainees and students. Following are details on how to qualify:

Logos Student Scholarship 50% (\$US 50.00 per subject sponsorship by Logos international leadership college. You only pay \$US 50.00)

Logos Full Subsidy Scholarship 90% (\$US 90.00 per subject sponsorship by Logos international leadership college. You only pay \$US 10.00)

### 2. LOGOS STUDENT SCHOLARSHIP (50%)

A) Applicants should be a CHRISTIAN WORKER or a LEADER in a local church, and supported by a REFERENCE from your PASTOR. Applicants must ensure the following 2 documents are emailed to the Registrar at registrar@logoscollege.org (1) a STATEMENT in writing outlining your INVOLVEMENT in your local church, including areas of gifting and interests, and why you desire to study one of our courses; (2) a STATEMENT from your PASTOR or local Church LEADER outlining his/her reasons for supporting your application (e.g., "I [pastor's name] support [your name] for a Logos Student Scholarship for the following reasons ...")

B) Both statements must be accompanied with full personal details such as name, postal address, email address, phone number, and the name and location of your local church. Since the Online student system is automatically defaulted to the Full Fee, do not pay for your subject (s) until Logos notifies you that your Scholarship application has been successful.

### 3. LOGOS FULL SUBSIDY STUDENT SCHOLARSHIP (90%)

Applicants should be from one of the following list of countries. Other locations may be acceptable if you have a very pressing case for funding.

The application process is the same as in A) above. Ensure the 2 documents are emailed to the Registrar.

Algeria, Angola, Benin, Botswana, Brunei, BurkinaFaso, Burundi, Cambodia, Cameroon, CapeVerde, CentralAfricanRepulic, Chad, Comoros, Congo, Congo, Dem. Rep. Of the, Coted'Ivoire, Djibouti, Equatorial Guinea, Eritorea, Ethiopia, Gabon, Gambia, Ghana, Guinea, GuineaBissau, Kenya, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mauritius, Morocco, Mozambique, Myanmar, Namibia, Niger, Nigeria, Philippines, Rwanda, Sao Tome and Pricipe, Senegal, Seychelles, Siera Leone, Somalia, South Africa, Sudan, Swaziland, Tanzania, Timor Leste, Togo, Tunisia, Uganda, Vietnam, Zambia, Zimbabwe.

There is also a Scholarship available for Local Churches who opt to run a Leadership Training Centre in their own church and raise up their own “home-grown” leaders (see website Menu “Leadership Training Centres” for more information).

#### **4. LEADERSHIP TRAINING CENTRE SCHOLARSHIP (% on arrangement with local church)**

Logos also offers Scholarships for local churches which have 2 or more members interested in pursuing leadership training or Bible College studies. A further Scholarship amount, in addition to the Logos Student Scholarship (described above), can be offered to a group of members in order to help encourage study and share resources. The amount will depend on deliberations with the senior pastor or governing board, taking into consideration details of locality, context, church members, number of students/trainees, etc. If a Local Church is interested, please contact us at [registrar@logoscollege.org](mailto:registrar@logoscollege.org) to commence the fee discussion process and obtain information on how to run a training program (we provide all study resources, assessments, administration, etc). Pastors and leaders may elect to teach some of the subject materials, or leave the group to study from our comprehensive notes.

At this point, we would like to especially thank the brothers and sisters who pay the full fees as they help make it possible for Logos ILC to continue to provide Logos Student Scholarships and to provide Full Subsidy Scholarships to deserving students in difficult and remote contexts and situations.

#### **NOTE:**

- Once we receive your complete application as mentioned above, our Registrar will notify you of Logos ILC's decision concerning your Scholarship application. Successful applicants can then proceed with downloading subjects and redeeming the sponsorship against their subject fees.
- For as long as a scholar remains engaged in his/her specified Logos ILC study program (e.g., Christian Studies Certificate), the Scholarship shall remain applicable.
- Scholarship holders are required to study and submit assessments for a minimum of 2 subjects per annum. This provides a degree of accountability to the person (s) or institution (s) sponsoring your studies, as well as to yourself. Exceptional cases will only be granted following a letter of explanation and Logos ILC approval.

Thank you and bless you as you study God's Word.
